STUDY AREA
Lagos

People per hectare, 2020

Green: only GHS-POP is dense. Blue: only WorldPop. Dark teal: both agree.

Boundaries

- Study area
- Local government area
- Centre

The black outline is Lagos: the 20 local government areas that make up the city, 3,576 square kilometres and 11.3 million people in 2020. Each 100-metre square is coloured by how many people GHS-POP and WorldPop each put in it. The yellow star is Iga Idunganran, the Oba's palace on Lagos Island, from which every distance is measured.
