Each circle is one of Nigeria's 425 GHSL urban centres, drawn at its centre and sized by its people in 2020 from GHS-POP. The 183 dark circles were already urban by 1990 and are the cities compared from 1990 to 2020; the light circles became urban later. Grey lines are the 36 states, the FCT and the 774 local government areas.
